STORAGE FEES

We would like to inform all of our customers that as of January 1, 2018, a warehousing fee will be implemented for cargos at our facility. Fees have been established as follows:

- All warehouse receipts will have 15 calendar days free of charge starting from the day the cargo was uploaded into the Magaya system.
- After this period of time (15 calendar days), the storage fee will be calculated by month or fraction.
- A storage fee will apply by lbs, CBM or Pallet, whichever is greater, with a minimum for each warehouse receipt.
- The storage period will be invoiced monthly.

Prime Logistics reserves the right to dispose of the cargo after 1 calendar year at our warehouse, without prior notification or liability with the agent or final customer.

We appreciate your understanding and support.

Cordially,
